FRIDAY, SEPTEMBER 24, 1909.

SENATOR FORAKER may not be able to climb into Senator Dick's berth, but he'll probably take a hand in helping to roll the Akron statesman out of it.

COUNTY politicians were at the fair in large numbers but did not have to keep so busy as usual, there being no county or state officers to elect this falt.

TALK about removing the county fair to Youngstown is bumcombe. Periodjoally rumors of that sort have been circulated but nothing has come of shem and never will.

AT the coming session of the legisla ture an appropriation of \$200,000 will be saked for improvements and enlargements for the state fair grounds at Columbus. It is argued that the fair is of great benefit to the farmers of the state. The fair this year was a great success. there having been 130,000 paid admissions and the receipts reached \$86,000. The Columbus fair is a big advertisement for the state.

THAT E. H. Harriman, the dead railroad king, had the right kind of faith in his wife is shown by the fact that he left to her his entire fortune, \$100,000,-000, making her the richest woman in the world. He knew that she would State Examiner J. A. Bliss made report last week of his findings in the make the right distribution of the wealth among his children when she is wealth among his children when she is Youngstown, and it caused the entire through with it. This is an example city to sit up and take notice. There is would be well for a lot of hard-headed business men to follow.

W. P. BARNUM of Youngstown, who received the endorsement of Mahoning county republicans for the common pleas judge nomination in this district, was in Trumbull county the other day looking after his interests and expressed the opinion that he will receive the nomination at the convention to be held in Warren Oct. 5th. There will be 104 drunks were fined as high as \$25 when the convention and 53 will the maximum fine allowed by law is \$5. be required to nominate.

Ir would be a bit rough on republican candidate for common pleas judge, W. P. Barnum, of Youngstown if the law providing for the election of a fourth grand jury. judge this fall should be declared unconstitutional, after having gone to all constitutional. When the law was enacted Gov. Harmon was not in Columbus and did not return to the city until after lapse of the time for his signing the bill, else it is stated he would have wetoed it.

Salem.

Chief of Police Gottschalk died Tuesday of typhoid fever. He was 43 years old and leaves his wife and five daughters. Funeral services Thursday. Salem Trades & Labor assembly held

most enjoyable emoker in Labor Hall Friday night.

Little James Fogg had his right arm

broken while at play the other day.

Asron Fink, one of the oldest and best known residents of the city, died Saturday after a long illness, aged nearly 76 years. Deceased was born near Canfield. He leaves five children. Funeral services Monday were conducted by Rev. M. J. Grable. Farmers' institutes in this county will

be held in Lisbon, Rogers, Damascus and New Waterford. Goodwill Encampment, I. O. O. F.

will pay a fraternal visit to Damascus lodge of Odd Fellows Saturday night. S. E. Mackintosh, the liveryman, is recovering from a severe attack of ty-phold fever.

Great preparations are being made for the harvest festival Oct. 8 9. Rev. C. L. Smith has been assigned to the First M. E. Church of Canton.

Football season opens Saturday in this city.

J. G. Sorg was called to Pittsburg Sunday by the death of his mother who

was 80 years old.
Mrs. W. Harding died Saturday night, aged 60 years. Public schools opened Monday with a largely increased attendance.
Judge W. W. Hole of this city is a

candidate for circuit judge to succeed Judge P. A. Lauble, who will retire next year on account of advanced age.

A steam auto car passed over the Pennsy Monday. This type of car may be adopted to run in competition with electric lines.

Prospect Hill.

SEPT. 23-Miss Margaret Winans sewed for Mrs. E. J. Spencer last week. William Potts of Salem visited friends here last week. Wm. Elder and Lewis Campbell of

Goshen were callers here Sunday. Miss Jessie Bowman spent last week with friends in Alliance, Canton and

The Elisworth Character Club will meet at the home of L. A. Young Friday evening.

A company of friends from Salem vis-tied at Win. Barnett's Sunday. R. J. Hawkins was here Saturday. Casper Shaffer and wife of Greenford spent Sunday on the Hill. Mrs. C. C. Bowman and daughter, Mrs. L. B. Bingham, were in Salem, Monday.

special grand jury fear, it is said, if con-victed, is the imprisonment for which the law provides. The regular grand jury may turn up number of indictments against men suspected of knowing something about

grafting in this city. At any rate, the jury is examining witnesses along that Auditor W. B. Jones should be elected to a third term. To him is due the credit of having stirred up the graft cases which promise to return to the

county treasury money that should nev-er have been drawn therefrom. When the county has an official who knows and dares to do his duty, reward him. Judge Rogers sent Pat Brown to jail for two weeks for contempt of court for failing to pay his divorced wife alimony and ignoring an order issued against

him bothering her.
The machine shop in the Brown-Bonnell plant of the Republic Iron & Steel Co. is idle because of the strike of the machinists employed there. Officers of the company say no effort will be made to start the shop.

The county commissioners have offer-

ed a reward of \$100 for information that will lead to the arrest of the persons who recently poisoned cows owned by Horace Lett of Coltaville. Police are enforcing the ordinance

requiring grocers to keep covered goods displayed before their places of business, Two-car trains will be operated on the Youngstown-Sharon electric line to take care of increasing travel.

The body of an unknown man was The body of an unknown man was found Friday morning near the Bessemer plant of the Republic Iron Co. He had been struck and killed by the cars. Fred Resch of this city is coaching the Warren high school football team. Youngstown and Mahoning county have been getting a lot of the kind of advertising the past few weeks that is advertising the past few weeks that is not desirable. And there may be more

offices of the justices of the peace in has long been friction in the offices. The appointment of clerks by the trustees caused trouble, the report says, in handling funds. It appears whoever gets hold of money keeps it. On ac-count of the condition of the dockets it was impossible for the examiner to make an accurate audit of money that should be on hand. The trustees are held largely responsible for the condition of the offices as they failed to en-force rules requiring clerks to put in full time and file monthly reports of their accounts. It is also charged that The collection of iliegal fees by a rall-road detective and overdrawing of fees by a constable were mentioned. State Auditor Fullington approved the examiner's report and it is said the document will be brought to the attention of the

On Saturday W. H. Kale and John Hanni completed their terms as county constitutional, after having gone to all commissioners and on Monday P. M. the expense incident to a campaign. Haas and A. L. Wymer succeeded them. Gov. Harmon is reported to have ex- County officers presented Mr. Kale with the opinion that the law is un-and Mr. Hanni received a large diamond

> Mrs. Mary Bloom, wife of Dr. J. H. Bloom, died Sunday. Her husband and three children survive. The building of the market house is

> said to have been considered by the grand jury. The grand jury completed its work Tuesday, finding 27 indictments, none of which were graft charges.

FREYMAN'S CORNERS

SEPT. 23-Mrs. Holdereed called on Youngstown friends this week.

John Blott is seriously ill with rheumatism and heart trouble.

Mr. Freyman, wife and son John re-turned home Friday after spending sevcharles Indiana.
Charley Harkelrode and family called on relatives in Austintown Sunday.
Mr. and Mrs. Nicholas were in Niles

Saturday.
Clint Witherstine spent Sunday with

Raiph Freyman.
Mr. and Mrs. Rummel called on
Youngstown friends Friday.
Mrs. McIntyre left Friday for Mo-

Mrs. McInyre left Friday for Mo-Keesport, Pa., to spend the fall and win-ter with her daughter. Mr. and Mrs. Mower were in Youngs-town Friday. Miss Laura Rhodes was a guest in the home of her uncle, O. S. Rhodes, several days this week.

Drouth Mixes Up Phone Calls. Ashtabula, O., Sept. 23.—The drouth which has been experienced here all through the summer has affected the telephone service. Patrons of party lines answer calls intended for others, because the ringinig of the bells cannot be regulated; so dry is the earth that the ground connections do not work properly.

Falls to Death as Heart Falls. Sandusky, O., Sept. 23.-George Bartlett, 68, a farmer, was seen to fall, then roll down a ten-foot embankment into the Huron river, near Huron. He was dead when taken from the water. It was thought he had drowned, but Coroner P. F. Southwick, who viewed the body, says he

was the victim of heart failure. Eight Strike Breakers Injured. Omaha, Neb., Sept. 23.-Eight strike breakers were injured, one of them perhaps fatally, John Petricek, a bystander, was shot through the hip and eight cars were partly demolished as the result of riots which occurred after dark in connection with the street car strike here.

Negroes Celebrate.

Findlay, O., Sept. 23.-Over 2,000 negroes from all points in Ohio gathered at a local park to celebrate in their own joyful way the forty-sixth anniversary of the proclamation of emanci pation and to send up sincere messages of devotion to the memory of Abraham Lincoln.

"He is not particularly well liked," we heard a citizen say of his neighbor today. None of us are.

GUNNISON'TUNNEL

GREAT RECLAMATION PROJECT BY GOVERNMENT IS NOW COMPLETED.

Montrose, Col., Sept. 23,-Booming of cannon, music of bands and the wild cheering of thousands of men and women to-day signalized the completion of the Gunnison river tunnel project on which the government has been at work for four and a half President William H. Taft honored the occasion with his presence and it was his hand that opened the gates at the west portal and admitted into the beautiful but semiarid Uncompangre valley the waters of the Gunnison river brought six miles through the immense tunne that has been driven through a granite mountain range.

The day of the opening of the tunnel was made the chief day of th Western Slope fair, now being hel here. All the morning special train kept coming in, from various par of the state, and at 10:30 there was parade of the visitors. Early in th afternoon the explosion of a bom told the people that the special trai bearing President Taft and other go ernment officials had entered the cit limits. A second bomb announced h debarkation at the station, and a thir was sent up as the distinguished guest, escorted by a great procession, started for Elks' park.

President Taft Welcomed.

At the park, after introductory remarks by F. D. Catlin, chairman of the Gunnison tunnel opening committee, Mayor J. Q. Allen turned the key of the city over to the guests. Then John C. Bell delivered the formal address of welcome, to which President Taft responded briefly and happily. The exercises here concluded with remarks by Senator Charles J. Hughes and Gov. John Shafroth. At 4 o'clock trains started for the west portal of the tunnel, where President Taft opened the gates, and speeches were made by I. W. McConnell, consulting engineer of the reclamation service, and Senator Horace T. De-Long of Grand Junction.

After the return to Montrose there was a reception to President Taft and others, and this evening speeches will be delivered by a number of well known Coloradoans, the celebration winding up with an illuminated parade and pyrotechnic display.

Story of the Great Tunnel. First of the big government reclama tion projects to be undertaken, the Gunnison river tunnel, has been one of the most difficult to carry through. The ample waters of the Gunnison flow through narrow valleys unsuited to agriculture or through deep, rocky canyons, while only a few miles to the west the lovely Uncompangre valley has been suf-fering for water. The Gunnison, descending in ever deepening gorges, finally plunges into the Black canyon, one of the nost magnificent mountain gorges in the world. This unpromising spot was selected as the starting point of the tunnel. Brave engineers lowered themselves into the Black canyon at points where the granite walls rise almost perpendic ularly hundreds of feet, and after their surveys were completed active work was

started on the immense project. At great expense and under enermous difficulties, a wagen read was built to the east portal of the tunnel. It is 15 miles long, and, climbing the granite ridge between the canyon and the Uncompangre valley, descends the rocky wall on shelf-work.

Bore Built for All Time. Simultaneously work was begun at each end of the tunnel and at a point several thousand feet from the west end, where a shaft was sunk. As fast as the tun-nel was driven through the shale and solid rock, it was timbered, and then the heavy timbers were covered with imper-vious cement. This gives a tunnel of solid concrete built to withstand the wear

of ages. All the flumes, culverts, division gates, drops and other work along the lipes of the main canals are built of steel and concrete. you at the point where the river is turned into the tunnel. Instead of this, the tun-nel itself taps the river from beneath its granite bed. By this plan neither flood nor slack water can prevent the tunnel taking from the river all the water needed.

A few statistics of this tremendous per ject are worth setting forth. The tun-nel is 30,600 feet long, and 11 by 13 feet inside measurement. The main canal is inside measurement. The main canal is 30 feet wide at the bottom and 82 feet 30 feet wide at the bottom and \$2 feet wide at the top; and the average depth of the river is ten feet. The capacity is 1,300 cubic feet of water a second. After the water leaves the west portal of the tunnel it is conducted through 12 miles of canal to the Uncompahere. There is a drop of 21 feet in this distance, and this great fall will be utilized for creating nower. for creating power. A series of concrete dreps has been constructed and the im-mense body of water rushing over them is capable of generating at least 10,000 horse power, which will be utilized in lighting the entire Uncompanie valley by electricity.

The cost of the tunnel and distribut-

ing canals is over \$5,000,000, and perpet-ual water rights will be sold to actual settlers at about \$35 an acre.

Factory and Residences Burned. Indianapolis, Sept. 23.-The G. P. McDougall & Son kitchen cabinet factory, one grocery store and 11 residences in South Meridian street were destroyed by a fire which started in the cabinet factory.

Missionary Boat Capsizes. Victoria, B. C., Sept. 23.-The American missionary yacht Hiram Bingham capsized at Jaluit in the Marshall group and Rev. T. Walkup died from exposure. The others passed three weeks in an open boat without food.

Intellectual Competition. Where intellectual vitality is pervasive, intellectual rivalry is natural and inevitable. To induce intellectual competition among college men and to make real mental eminence & ground of coveted distinction, would be a superfluous task if the college were discharging its legitimate functions .- New York Evening Post.

Thought It Was Raining. "Some men," said Uncle Eben, "can't lay by a little money for a rainy day wifout bein' fooled by de

Barataria Bay, La., reported 1. Passmanachac, definite 8.

Property Loss Heavy. The property loss will run into the millions. Miles of territory have been laid waste and crops have practically been ruined. Dwellings, cotton gins and sugar mills have been levelled. New Orleans is still sadly crippled in the way of railroad and telegraph and telephone communication with the outside world. Both the Illinois Central and the Louisville & Nashville railroads have suffered heavy loss, miles of their tracks having been washed away. It will be several weeks before the latter will again be running trains over their own tracks. The death list in the lower portion Terrebonne parish increased as de tails were received, until it now numbers 19. It is reported that at least 55 others have been drowned or crushed in the flying debris of wrecked mills, dwellings and fishing camps. Thrilling tales of narrow escapes and daring rescues came from

the storm swept area. Shipping Craft Destroyed. Pleasure craft and shipping of all kinds in the Bayou inlets were totally destroyed and the loss will be heavy. Storehouses, sugar mills and dwellings of every character at Houma and other villages suffered heavily and scarcely a structure was untuched by the hurricane. The damage done by the storm at Grand Island, Cheniere and Caminada was very heavy but at these places there was no loss of life. The crops of these islands were totally destroyed and the orange groves were stripped clean of fruit and fo-

FINDS \$15,000; RETURNS IT

Honest Restaurant Man Has Picked Up \$23,000 Cash in Place and Gave All Back.

New York, Sept. 23 .- Harry Bohrer, manager of the Hanover Dairy Lunch, is an honest man. For the second time within two months he found a large sum of money and returned it to the owner. Two months ago he picked up \$8,000 that a bank messenger had left in his restaurant and returned it to its owner. Later he picked up another bank messenger's bank wallet and gasped when he counted \$15,000 in bills, mostly in

bank notes. As for the bank runner who had been in such a hurry to leave after his lunch, he returned in another hurry and heaved a sigh of relief when told the money was found. He made a good guess when he said he thought he would lose his job.

Fifteen Years' Service Without Painting-Or a New Roof-That is Our Guarantee to You-

and the guarantee is stamped right on the roofing itself with the year you buy it.

Galvanized Metal Roofing

Galvanized Metal Roofing
is the only metal roofing made which is so
scientifically galvanized that it can be guaranteed against rust.

Only the toughest, most pliable, openhearth stock is ever used. This metal is
peculiarly porous and long-fibered, so that
when it is put into the galvanizing pots the
liquid spolter does not veneer but penetrates
this fiber and amalgamates with the metal
base, thus protecting it forever.

Dickelman Extra is easily laid. It is already turned and adjusted for end locks.
All you have to do is to place together, and
you have a perfect double seam.

Try one of our samples, test it and then
test some ordinary galvanized roofing. Buy
the one which does not flake or crack. It
will be Dickelman's. Write today for

Free Samples and Book on Roofing

The book will show you how you can save money on your roofing, how to lay roof-ing easily, how to avoid repair bills. Your dealer will know about Dickel-man's. Ask him. But let us send you this free book and sample. Write today. THE DICKELMAN MFG. CO.
